## What does Karmabee mean?

The name Karmabee is taken from my name and my sister's, and our last name (Kar+Ma+Bee). Conveniently, I believe in karma, and bees are industrious and community-oriented producers of something sweet!

## About Karmabee

*Karen Berelowitz doodled through three decades of school and an international development career before launching Karmabee in 2007. She prints her hand-drawn black & white designs on note cards, baby clothes, T-shirts, coasters, tote bags, and more. Karen sells her work online, at stores and at local farmers markets, and from 2011-2016 she ran her own studio and store in Kingston, NY. She also teaches art and business, licenses her drawings, and creates custom logos and designs.*
